Youth Amusement Center To Open Sept. 1

The Youth Amusement Center will open Thursday, September 1, 1977. The Center is badly needed because our community needs a place where our youth can gather and spend some of their leisure time in wholesome amusement games and recreation. The Center is located at 1304 So. "K" Street and is sponsored by the Minority Musicians and Entertainers Asso. Inc. A non-profit, non-bias Community Agency located at 1306 So. AMERICA RED-FACED OVER RACISM

America continues to have a red face and a pair of black eyes over the issue of racism. So what else is new?

A nation that has passed as many laws as this nation has, to overturn its racist policies, practices, and customs cannot deny that such a poison continues to permeate its very existence and continues to do it irreparable harm. Not that there is not a determination in many quarters in this country to eradicate racism in all of its forms. But the fact remains -- racial prejudice is a potent force, hard to exterminate and not every battle against it -- is won.

So why get all hot and bothered under the collar when U.N. Ambassador Andrew Young says that Nixon and Ford are racists, and that so were Kennedy and Johnson? It's understandable that nobody these days wants to be called a racist. Even a racist doesn't want to be called a racist!

Call a racist a conservative; or a reactionary, or even a facist. But whatever you do -- don't refer to him in terms of what he really is.

Mr. Young is quite kind however; his definition of a Nixon-Ford racist is one who does not understand the problems of non-whites.

I think I would broaden that definition to include not only a mis-understanding of the problems of non-whites, but a belief in the inferiority of non-whites, and a corresponding (conscious or unconscious) support of efforts to exploit non-whites on basis of these racist beliefs.

If as Andy Young suggests, that a nice guy like Mr. Ford can be a racist; and liberals like Mr. Kennedy and Mr. Johnson were racists, where does that leave most other white Americans?

Not a pleasant thought to be sure, but rather than dwelling on it, the question is how can we turn the racism around so that it disappears.

One way of course is to stop getting angry at Mr. Young, and instead, getting mad at ourselves for allowing racism to exist and to fight it.

It will cease to exist, when it loses its power to delude us into believing that we have not caused it to happen.

We have caused it to happen -- at a very high cost. Its cure will also cost. But it can and must be cured.

Citizens Committee Will Choose Name for New Community Center

Citizens in Tacoma's Third Council District have been asked to choose among nine names nominated for the new community center under construction at South 17th and K Streets.

The nine names were the most popular suggestions received by the Citizens Committee for the Improvement of the Third District. The committee had solicited suggestions for names through last Friday.

Among the most often mentioned names for the $12. million center were those of Tacoma musician Joe Jordan and black leaders Malcolm X and Martin Luther King.

The other six names which will appear on the ballot for naming the center are: Mary McBethune Youth Center, Hilltop Community Center, Ella Carter Center, Peoples' Community Center, Central Area Center, and K Street Center.

Ballots may be picked up at several locations in the Third District including the construction site, the Tacoma Urban League, the South L Street Safeway Store, the Metropolitan Development Council, Walker's Exxon, the Fred Meyer store at 19th and Stevens Street, the County-City Building, local churches and other district businesses.

Voters who must be at least 12 years old, are being asked to deposit their ballots in a ballot box at the construction site from now through Sept. 1.

The center, which was funded mostly by federal community development monies, is expected to be complete by March next year.

The facility, which will be operated by the Metropolitan Park District, will have a gymnasium, meeting rooms, locker rooms and a swimming pool.

The center which formerly occupied the site was named after Malcolm X.

PLANNED PARENTHOOD OFFERING SERVICES TO TEENS

Teenage pregnancy is a significant problem in the U.S. In the state of Washington, one out of every six births is to a teenager. Teenagers account for half of all out-of-wedlock births and one-third of all abortions. Teenage mothers face substantial health risks, limited educational and employment opportunities, diminished prospects for stable marriages, and other social and economic disadvantages. Teenage boys who enter into marriage as a result of a pregnancy suffer too. Marriage responsibilities demand full-time work. This usually means an interruption of education, or the dual burden of supporting a family and attending school.

Teenagers become pregnant primarily as a result of non-use or sporadic use of contraceptives. Many teenagers are poorly informed about contraception and the risks of pregnancy. Studies estimate misinformation on pregnancy and contraception among sexually active teenagers to be as high as 70%.

Over four million women aged 15 - 19 of all income levels, need family planning services, according to Planned Parenthood estimates. Approximately one million teenagers visited family planning clinics, while an estimated one million teenagers visited private physicians for contraceptive care. This still leaves over two million teenagers unserved and unaware of the consequences of sexual activity. In several states, Washington included, many teenagers have difficulty obtaining contraceptive services. Only half of the states in the U.S. have confirmed the right of unmarried minors to obtain contraceptive services on their own consent.

Planned Parenthood of Pierce County believes that every person, regardless of his or her age, has the right to information and quality medical care related to family planning and sexual concerns. Staff members at Planned Parenthood are trained to work with teenagers to answer their questions, help them select an appropriate method of birth control, or lend a sympathetic ear.

Tee & Turf Golf Club News

Left to right: M. Giles, R. Porter, W. Harris, W. Davis.

By Morgan Giles

Today we played at that awful place that they call Spanaway Golf Course and did we get our monies worth. Some of us hit that golf ball a lots of times, not just in our own fair way, but the ones on each side and don't forget those sand traps and even "man" those 3 putts they killed us, is that correct Jenkins, Sam Bullit, and also a long list of names I could call, but won't. I can tell you who played golf today. It was our players of the week and who else but our winner for the last 3 weeks. Earl (Sorry About That) Goodlow, low gross 79 and Saul (P. P.) Arrington also 79. What do you think members Goodlow should be in the championship flight where he belongs. Today we played low putts and the winners were:

0-10		11-18		19 - Up	
Dailey	29	Burlison	32	Jenkins	
Adams	33	Giles	33	Cunningloom	

So that was the way it was at Spanaway Golf Course but look up fellow members next Sunday it's that time again. We play that sweet spot a-gain. You guessed it. Brookdale. Happy, happy. There were some new faces out there today. Welcome back Delaney, Alberta, also an-other member from Fir-State Golf Club, Donna. There are no pictures for the players of the week but would like to show you some fine young men. Remember the invitational. Tee time next Sunday is 11:07. See you on the first Tee.

143 YOUNGSTERS RETURN FROM EMMANUEL TEMPLE SUMMER CAMP

Return day, August 6th.

Under the Auspices and Administration of Mrs. R. E. Altheimer one hundred forty three (143) children from the Tacoma/Seattle area attended a week of camp at Fort Flagler, Washington. The dates were August 1 through August 6th. Members of Emmanuel Temple furnished Counselor services, Nursing services, Recreational outlets, Arts & Crafts, Drama and Bible training. They were also fed three wholesome meals a day plus evening snacks. Fort Flagler is located near Hood's Canal and this place furnishes a lovely outlet for city children. They take hikes with counselors. A different group goes hiking each day. The groups were divided into four catagories. The groups were ages 6, 7 and 8; groups ages 9 & 10; groups 11 & 12 and teenage groups of 13 years and up to 18. Baseball, volleyball, movies, dating game, gong show in the evenings provided the weeks entertainment. The sleeping is barrack style. The dormitories are converted army barracks. They are divided into cubi-cles with two children in each cubicle. The girls and women counselors had two dormitories this year and the boys & men counselors had two. Transportation was provided by buses from Emmanuel Temple, U.S. Airforce and a Spanaway Church. Counselors provide free services and many take their vacation time to serve the children at camp. The cook and nursing service is free also. Mr. Ernett Altheimer donated mone-tary gifts for recreation equipment, also. Thank you Ernie.

The food ranges from fried chicken, turkey and dressing to Mrs. Altheimer's famous spaghetti & meatballs. Mr. Derwood Wilson serves as camp supervisor, Ms. Verda Blackwell and Mr. Sam Clark as site directors, Mrs. Geraldine Merriweather nurse and cook, Mrs. Patricia brown, cook; Mrs. Sharon Winesberry as dining room helper; Mrs. Sharon Weems, cook; Mrs. Jean Melton, cook and assistant to Mrs. Altheimer's arts & crafts department; Mrs. Altheimer had each group for arts & crafts daily. (She also works in this capacity at the Tacoma Senior Citizens as a volunteer.) Each child made something to bring home from camp. Counselors this year were: Mr. Arnold Myers, Mr. Linton Weems, Mr. Dexter Clark, Ms. Phyllis Hursey, Ms. Verda Blackwell, Mrs. Irene Blackwell, Mrs. Constance Harris, Mr. Frank Mixon, Ms. Jennifer Reed and Mrs. Dorothy McHenry. Mrs. Shirley Jackson was the camp chaplain. Camp was a great success this year. This is the seventh year for Emmanuel's summer camp. It was ori-ginally started by the late Bishop Altheimer & Rev. Leo C. Brown Jr. Mrs. Altheimer & Mr. Wilson are, also, thanking M.D.C. for their help. Those two who worked closely with the camp project were Mar-lene and Gayle. We would like to say "Thank you" to the both of them for their concern. Next year we are planning on two weeks for the children. Emmanuel Temple & Mrs. Altheimer are grateful to God first for allowing us the privilege of serving in this capacity each year. Watch for our announcement next summer parents for the camp dates.

WANDA SAYS

ONE FAULT

If you ever read the comics, I know you have read Lil' Abner. It was one of my favorites. You probably remember one of the characters called One Fault. Well I want to tell you about another character called One Fault.

When we were growing up we had a couple of horses on the farm. These were used for pleasure as well as work. Dad had bought this one horse. It was beautiful. Dad didn't have time to check him out before he left for a revival and it was left up to Mom and us kids to put in the garden that year.

Now this horse had all the looks and qualifications for being a very good horse. But he had one fault. That horse wouldn't work. He was a pill. You would have to get in front of him and pull him to even get him to move.

Dad was gone about a month I think, and when he got home, he just couldn't believe that horse wouldn't work until he tried it himself. I re-member Dad pushing the plow and Mom pulling that stubborn thing and that horse would either sit down or stand and balk. Believe me, it didn't take but about two days of this for Dad to decide to get rid of him. And get rid of him he did.

A lot of us have faults and when we figure out our faults it is up to us to correct them. We can't correct all of them but we can be a little bit more understanding of the faults in others. Let's do it.

HERRMANN TO SEEK PORT COMMISSION

Former City Councilmen Harold Moss left, and Arnold Herrmann right, discuss Herrmann's upcoming bid for Port Commissioner.

Dr. Arnold Herrmann, an administrator of a local firm, has announced that he will be a candidate for the position of Port Commissioner in this fall's election. The announcement was made after the results of a citizens' poll indicated that not one in three people surveyed could name one of their port commissioners.

A Tacoma city councilman for over 13 years, Herrmann also served a number of terms as Deputy Mayor. When asked why he is seeking the office of Port Commissioner, Herrmann said that he wants to be a representative of all the people in Pierce County. He further commented that his legislative and administrative experience give him insight into the problems of the Port and the wisdom to seek the right solutions.

Herrmann further emphasized the need for the people of the county to get involved in the upcoming election. He pointed out that while the Port of Tacoma carries the name of the city, its economic impact extends across the county. The Port is operated on countywide public tax money and many people and business activities of the Port.

Dr. Arnold Herrmann called on all people in Pierce County to register and cast their vote for the candidate of their choice in the September 20 primary election and the November 8 general election.

People Getting SSI Payments Should Report Promptly to Social Security If They Get Married or Divorced

People getting montly supplemental security income payments (SSI) should report promptly to social security if they get married or divorced, if they start living apart, or if they wereliving apart and start living together again.

The amount of the SSI payment people get can change if they marry, and the smount a wife or husband can get can change depending on whether they're living together or apart, according to William Ross, social security district manager in Tacoma.

Payment amounts may also be affected by annulment or by the death of a wife or husband.

"Prompt reports of changes help social security get the right SSI payments to the right people on time," Ross said. "But failure to report changes may result in an overpayment that will have to be paid back."

Changes can be reported by calling or writing any social security office. A written report should include the name of the person affected, the correct social security claim number under which payments are made, the change being reported, the date the change occured, and the signature and address of the person making the report.

People getting SSI payments should also report changes in income, resources, living arrangements, and other circumstances that might affect their payments, according to Ross.

The SSI program makes monthly payments to 5,100 people in Pierce County with little or no income and limited resources who are 65 or over or blind or disabled. The program is administered by the Social Security Administration, an agency of the U.S. Department of Health, Education, and Welfare.

The Tacoma social security office is at 1208 South 10th. The phone number is 593-6360.
